PROFILE

Fullstack developer and University of Warsaw student in Artificial Intelligence and Cognitive Science. Most recently led a four-developer team building JobAgent across architecture, frontend, backend, UI/UX, QA, and documentation, after a production frontend role at Flowtly and an earlier background in creative production. Also coaches youth football in Warsaw, currently running the 2016-2017 age groups, alongside 20+ individual players.

SELECTED EXPERIENCE

Team Lead / Fullstack Developer

Apr 2026 - Jul 2026

JobAgent · Freelance

Remote

- Led a four-developer team and owned technical direction, architecture, and cross-functional delivery.
- Shipped frontend, backend integration, authentication, state management, responsive UI, accessibility, testing, and documentation.
